THE REVERSED DIRECTORY.

PRICE—In Cloth, \$2.00
In Leather, gilt-edged, (pocket edition) 3.00

IN presenting to the public this little Directory, we desire state that great care has been taken to see that none but respectable and responsible householders are represented, There are not to exceed two hundred in our lists who are not heads of families, and nearly all are housekeepers.

We claim that this reversed plan (so popular in other large cities), will be found very useful to every merchant, lawyer doctor and all engaged in business, as well as interesting and desirable in every house.

It informs you who your neighbors are, which in a large city is not easy to find out (certainly not in the City Directory), and with it you can tell your friend from abroad who lives in all the fine houses. In it you will find all information usually found in the City Directory, such as the fire alarm, public buildings, blocks, postal rules, etc. etc.

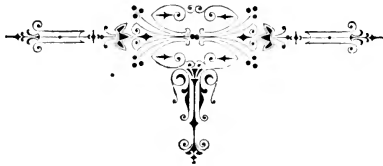

If you know the number of the street, you will find the name of the occupant opposite; if you only know the name of a party, and want his number, it is as easy to run over the names in this book, as it is to find it in the voluminous City Directory, especially if you know the street, or the division of the city he lives on.

Should the amount of labor it requires to compile such a book

occur to your mind, you will excuse the possible errors and omissions that may be found in it. We desire to be informed of all such as may appear to any one, and we shall publish such changes as come to our notice once a month, in our paper "The Play" which will be sent to all whose names are in the book, and to all who purchase a copy.

We trust that every one will find it interesting to look through this little book, just to see who lives in Chicago, and where they live.

ART IN OUR HOMES.

A HOUSE WITHOUT PICTURES

— LIKE A —

Body Without a Soul.

A house without pictures is like a body without a soul—blank, cold, and repellant. You may put in it the costliest furniture, carpets into whose long, soft pile the foot sinks as in a bed of moss, upholstery of the richest description, and if no picture greets you from its walls, no statue charms your eye, then it is like the inanimate clay clad in the costliest of bridal robes, but with no sympathetic light in the glazed eye, no throbbing pulse at the stiffened wrist, no warm breath moistening the faded lips. It may be a grand, gorgeous show-place, but it can never be a home. In contradistinction, take the most simply-fitted-up cottage or suite of rooms, add a few well-chosen pictures, and there will be a warmth, a life,

— A SOUL —

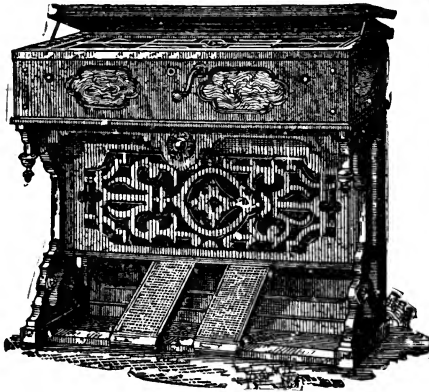

about it which your warehouse of costly furniture can never achieve.

“For the rest of this story” go and see Mr. O’Brien, 208 Wabash avenue, and he will fit you out in the most elegant manner.

BY THE INVENTION OF
Automatic Musical Instruments

Time and money on other and expensive musical instruments may be saved for other and better purposes and the victims of a foolish and tyrannous fashion can have at any time better music than they could ever make upon an instrument requiring skill and practice.

THE ORGUINETTE

has been on the market but two years, and is now selling at the rate of Sixty Thousand a Year. It is simply the truth to say that there are to-day millions of people of all classes and ages, from the little one in short frock and pinafore to the grandma in mob cap and spectacles, who are taking daily delight in their own musical performance, who, before the invention of the ORGUINETTE, could no more make their own music than they could their own watches or paintings.

Verily, the world does move, and in the direction of an independent enjoyment by the many of what was aforesaid a monopoly in the hands of the few.

J. HOWARD FOOTE,

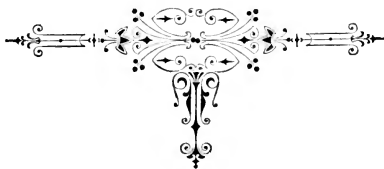

General Agent for the OrguINETTE, 188 and 190 State St., opposite the Palmer House, Chicago.

U. S. POSTAL MONEY ORDER SYSTEM.

The Money Order system is intended to promote public convenience and to insure safety in the transfer through the mails of small sums of money. The mode by which safety is secured consists in leaving out of the order the name of the payee, or party for whom the money is intended. In this respect a money order differs from an ordinary bank draft or check. All advice or notification, containing full particulars of the order, is transmitted by the issuing postmaster to the postmaster at the office of payment. The latter is thus furnished, before the order itself can be presented, with the necessary information to detect fraud, if any should be attempted.

RATES OF COMMISSION CHARGED FOR MONEY ORDERS.

On orders not exceeding \$15.....	10 cents.
over \$15 and not exceeding \$30	15 cents.
" 30 " " " 40	20 cents.
" 40 " " " 50.....	25 cents.

No fractions of cents to be introduced in the order.

POSTAL DEPARTMENT.

ulations in depositing letters, papers or miscellaneous publications, in the office for mailing.

All drop letters must be prepaid by postage stamps at the rate of two cents for each half ounce or fraction thereof, at all offices where the free delivery system is established.

Prepayment by stamps required on all letters to places within the United States.

Letters addressed to initials and fictitious persons and firms, unless directed to be delivered at a designated place, or to the care of a certain person or firm within the delivery of the office to which they are addressed, must be returned, at the end of each month, to the dead letter office.

Full prepayment by stamps required on all transient printed matter, foreign and domestic.

Insert the county in which the office is located, upon all letters; many errors in superscription may thus be detected, and mistakes in mailing be avoided. The vast increase in the mails demands this.

Persons calling for letters for others than themselves, must present a written order therefor.

Samples and packages containing poisons, oils, explosive chemicals, liquids, sharp instruments, sugar, glass, flour, soap, or anything calculated to injure or endanger the safety of the mails, will not be received.

Valuable letters should in all cases be registered; and when money is designed to be transmitted, a postal money order (to secure safety in transmission) should be obtained when practicable.

Persons presenting drafts drawn by the post-office department upon the postmaster of the city, will be required to identify themselves before payment is made.

Cashiers of banks, and agents of express companies, holding post-office drafts for collection, will please leave their official signatures with the cashier of this office, to enable him to verify their indorsements and save delay.

The public are requested to inform the postmaster of any inattention to their duties on the part of the carriers or the clerks in the office.

Employees of this office, while on duty, cannot be seen except on official business.

STAMPED ENVELOPES.

The attention of the public is called to the advantages of using stamped envelopes rather than postage stamps. Daily, numbers of letters are dropped in the post-office, without prepayment, with revenue stamps and stamps cut from stamped envelopes affixed, which are held for postage; whereas, by the use of stamped envelopes, these letters would go forward without delay.

Special Request Envelopes are furnished by the Department, in quantities of 500 and upward, with the name and address of

CITY DELIVERY.

Free delivery of letters by faithful carriers will be secured by having the letters addressed to the street and number. Persons calling for mail at the carriers' department of this office on Sundays, or holidays, will please give the number of the carrier for the district, and the name of the applicant or firm inquired for.

Head letters with the names of the writers, post-office and state, street and number, sign them with full name, and request that answers be directed accordingly. Parties owning boxes can receive their mail at their places of business or residence by leaving an order in the business office. The advantages of the free delivery system cannot be too highly estimated. It is more regular, more secure, and more convenient than the box system.

Many letters pass through the mails, reach this city, are deposited in the boxes, and because of the divided responsibility, fail to reach the parties addressed.
